Vision and Mission

About Us

Ekkuip Apparel Co partners with ministries and churches by offering apparel that reflects who you are and why you serve. Each item is crafted to help you communicate your mission, support your outreach, and inspire those around your community.

Quality

We are tired of putting beautiful designs and messages on cheap promo items. At EAC, we want to equip you with excellent apparel and merch options that will stand the test of time - just like the Gospel.

Price

We are sensitive to your ministry's budget and have grouped most of our options into three pricing and quality tiers: Good, Better, Best. We don't make comprises on quality, but are confident that our pricing is competitive.

MORE APPAREL

DRINKWARE & MORE

No Setup

We want to make pricing as simple as possible, so you'll never be charged setup fees. When you send in a quote request, you'll get a cost per item and shipping. Turnaround time is normally 3 weeks from mockup approval.

We Design

If you have a concept, but don't necessarily know how to communicate it visually, let us help you. We would love to turn your vision into reality.

You Design

If you have a design ready to go, send it to us and we will create mockups and proofs for you to review before the items are created.

Embroidery, laser etching, direct to garment, direct to film, screen printing...we can do it all.
